* - network available online

^o - channel available in High Definition

Lifeline is required in order to have any other cable service. All digital channels are available as part of the Lifeline lineup. A QAM tuner TV is required to access digital channels. If your QAM TV does not pick up all the channels available to you, please refer to your TV's owner manual for instructions to perform a channel scan. Some QAM TVs are not capable of receiving all listed channels. You will only have access to online content that is part of your cable TV subscription. Available content is at the discretion of the TV network and is subject to change without notice. Revised February 2021.
